mayu.nanaumi@gmail.com

Brisbane Queensland

I am a dedicated professional who has worked in a variety of environments enabling a wide set of skills to be developed to. Timely focus on meeting internal & external customer expectations in addition to proactive communication and diligence makes me a valuable member of the team.

EXPERIENCE

Ki Culture UX / UI Designer

2022 Oct - Present

Remotely volunteer for an international non-profit organization based in Amsterdam Netherlands, working to unite culture and sustainability through visual arts to heritage to performing arts.

Work in an agile team to redesign the online platform such as Ki port & Ki book that provide information for the audience to stay connected to make a culture sustainable.

MediGo Sleep UX / UI Designer

2022 Oct - Dec

Designed the online platform for a start-up company looking to improve patients' access to affordable healthcare products and services.

The project goal was to uncover the patients pain points and frustrations and refine the current treatment journey.

EbonFX UX / UI Designer

2022 Sep - Nov

Redesigned the digital platforms for a start-up FX provider aiming to ease the process of international money transfers.

The project deliverables were met with future recommendation of having a mobile app for individual users.

LibreOffice UX Researcher

2022 Aug - Oct

Remotely volunteered for a non-profit organization based in Germany, offering a community-driven and developed open-sourced office suite.

Participated in the user research by designing and running the survey to evaluate the Impress (presentation tool). Collected a large number of responses received and transformed raw data into a visual presentation.
